**ACTION PLANS FOR IMPROVEMENT**

**Archibus - Design Services Customer Survey:**

**Actions taken by Members of the Design Services Team & Results of Actions:**

- Stop by Customers after the project is complete and in use to review how the renovated space is performing. Received excellent feedback; this helps the design and finish options going forward on other projects.

- Keeping the communication lines open by email, phone and face to face works wonders.

- Sending daily construction field reports has been working for one very “hands on” Customer.

- Hold weekly meetings on job site to discuss progress with Customer. Customers enjoy getting to see the project and discuss any issues or concerns face to face.

- Each Customer is unique and so must be the way I communicate with them. Sometimes it's face to face, other times email or a phone call. It also depends on what needs to be discussed. The process is simple to state and difficult to master; effective communication is not easy.

ACTION PLAN FOR IMPROVEMENT

Finance/Budget:

• End of Year Close-Out was successful for Capital, General and Institution Funds!
• All Institutional fund balances were in the black (Labor Services, NCRC, Fac. Reserve, Informal Projects, MFM, Playing Fields, Can Account). Labor Services and Informal Projects funds required extensive cash flow management efforts. New cash flow process with Design Services worked well.
• Budget calls for VCBA One-time funding, Recurring and Central Funds submitted on time. Expected to hear news late October.

Supplemental Grant/Award Funding:

• Search for grant and award possibilities for Facilities Management organizations. For those grants requiring matching funds, ensure buy-in from AVC prior to submitting proposals each fiscal year;
• Encourage use of APPA grant and award program to supplement funding within FM. FBO has been awarded two mini grants for $500/each.

ACTION PLANS FOR IMPROVEMENT

NEW IMPROVEMENTS

We met with seven local and active African American contractors covering several contracting specialties. We are requesting proposals for work effort related to their specialty on a variety of projects to include schedule and cost. We save and document each proposal within our project red folders and in a fiscal year spreadsheet. This is especially important when either schedule or cost dictates that we use a separate contractor or contracting method.

Ashley Sisco with Design Services is assisting Amanda Caudle with outreach for more African American contractors and verification of HUB contractor involvement.

ONGOING IMPROVEMENTS

Design Services’ HUB participation improvement is currently focused on expanding our outreach to new African American contractors & vendors.

All Coordinators are encouraged to reach out to new vendors for work on our Under $30K projects - Ongoing.

- Project Coordinators continue to review and discuss HUB contractors and vendors at Design Services weekly meetings.
- Amanda Caudle and Ashley Sisco act as advisors to other Design Services Project Coordinators.
