PROCEDURES OVERVIEW

I. INTRODUCTION

Within the authorization of the North Carolina General Statute Section 116-31.12, the University of North Carolina at Charlotte (hereafter UNC Charlotte or the University) establishes a structure and process that addresses the acquisition and disposition of real property by lease for the University, its operating units, and its affiliates. The property acquisition and disposition process shall comply with all applicable local, state, and federal laws and regulations, and will function in a manner consistent with the values of fairness, openness, and ethical business practices as set forth in UNC Charlotte’s Policy 804, Standards of Ethical Conduct.

Property transactions for acquisition and disposition of leased space will be further defined as either strategic or routine space. As described in subsequent sections of this document, this classification will dictate which structure and process to follow. Those transactions falling into the strategic category will enable the University to take full advantage of opportunities of strategic importance, such as the creation or expansion of programs, alliances, affiliations, acquisitions, and joint ventures. In addition, this category includes the ability to negotiate directly with owners for site-specific locations when advertisement for space needs would prematurely disclose competitive information about an opportunity of strategic importance in accordance with the North Carolina General Statute Section 116-31.12. Every effort to obtain competitive and equivalent proposals shall be made, and those efforts and rationale for strategic approach shall be reported to the Board of Trustees for transactions in excess of $50,000. Property acquisition and disposition transactions for real property other than lease are subject to the existing policies and regulations of the North Carolina State Property Office (SPO).

II. POLICY

1. The University will utilize a single property office to administer the program for the acquisition and disposition of real property of the University, its operating units, and its affiliates.

2. The Property Review Committee (PRC) will oversee the acquisition and disposition of real property of the University, its operating units, and affiliates, and will set priorities, establish standards, and provide direction for property acquisitions and dispositions by lease.

3. The University will lease routine space for administrative, office, and storage purposes utilizing a formal, advertised, sealed bid process.

4. The University will lease strategic space necessary and appropriate to take full advantage of opportunities of strategic importance, such as the creation or expansion of programs, alliances, affiliations, acquisitions, and joint ventures.

REAL ESTATE OFFICE

III. POLICY

The University will utilize its existing Real Estate Office, which resides in the UNC Charlotte Division of Business Affairs, to administer the program for the acquisition by lease of real property for the University, its operating units, and its affiliates. The Associate Vice Chancellor of Facilities Management will serve as the director of the Real Estate Office and the Manager of Real Estate, who serves under the VC for Facilities Management, will be the designated property officer.
IV. **PROCEDURE**

1. Under the supervision of the manager, the Real Estate Office will have the following responsibilities on behalf of the University, its operating units, and its affiliates:
   a. Acquisition and disposition by lease of all routine space and strategic space;

   h. Ensuring that all applicable building, life, and safety codes are met and all property is properly insured with assistance from the Department Risk Management, Safety and Security.

2. The Real Estate Office will develop a comprehensive set of specifications that are intended for the acquisition of all real property by lease for use by the University, its operating units, and its affiliates.

3. The director of the Real Estate Office will be advised by the PRC and work under the direction of the Chancellor or designee.

4. Through its Real Estate Office, UNC Charlotte shall retain, on an as-needed basis, the services of a real estate attorney(s), appraisal firm(s), and/or environmental review firm(s) to assist with the acquisition of real property by lease. The University’s attorney shall prepare or oversee the preparation of all agreements/contracts related to the acquisition of real property by lease in accordance with UNC Charlotte and Board of Governors’ policies and procedures.

7. Substantial changes in committee membership must be reported to UNC General Administration.

**ACQUISITION AND DISPOSITION OF SPACE BY LEASE**

VII. POLICY

1. UNC Charlotte will lease space classified as routine utilizing a formal, advertised, and sealed bid process when the transaction exceeds the informal transaction limit, $50,000.

2. Prior approval by UNC General Administration is required when classifying a lease as strategic. The strategic classification allows the University to negotiate directly with owners for site-specific locations.

3. All lease agreements shall be in the name of the State of North Carolina on behalf of the University of North Carolina at Charlotte.

4. The availability of funds clause is required in all leases. This clause will not be exercised without the written permission of the Director of the State Property Office.

5. All transactions must be reviewed by the PRC.

6. All property instruments must be prepared by, or under the supervision of, the Office of Legal Affairs.

7. Any proposed transaction requiring approval by the UNC Charlotte Board of Trustees must be pre-approved by the Chancellor or his/her designee via the Vice Chancellor for Business Affairs.

8. Leases produced under this delegated authority will be reported by the Manager of Real Estate to the Secretary of Administration, the UNC General Administration, and the UNC Charlotte Controller within ten (10) working days of the lease being fully executed.

VIII. APPROVAL OVERVIEW
The University, its operating units and its affiliates may acquire and dispose of space by lease contingent upon full compliance with applicable procedures and required approvals described herein as well as other relevant processes documented and maintained by the Real Estate Office. Transactions will be classified into two categories: strategic and routine. This designation will determine which structured processes and procedures must be followed for acquisition of respective space.
